YOUTH FOR UNDERSTANDING Intercultural Exchange Programs

HOST A STUDENT

Looking for a family adventure? Learn just how amazing your family can be and get started on your greatest journey yet.

Share our American customs, and your family's unique traditions while discovering a new culture right in your own home. Hosting a YFU exchange student can make the world feel smaller, while making your own world bigger.

When you open your home and heart to an international student, your family will develop a new perspective, make memories and – quite possibly – a new family member for life!

Join the YFU global community. Apply online or call us to learn about how your family can take part in this life-changing, fun experience.
