

*of the people
for the people
by the people*

By now, you have had several months to experience US democracy first hand. This Presidents' Day, encourage your friends to become ambassadors to your country by way of student exchange. Introduce them to your country and culture and encourage them to learn more about the world.

**Offer to host a discussion in your
school's History, Social Studies, or US
Government class this month!**

For school presentation pointers, visit the YFU USA presentation kit at yfuusa.org/studentpresentation.
